Principal's News

Health and Well Being:

As the warm weather begins to become more constant, we need to be thinking about everyone's *health and well being*. Students need to wear the appropriate summer *uniform* – shorts with a t-shirt or a summer dress. As students play more games outside, they also need to have footwear that enables them to run but will allow feet to breathe. This means it is important to wear socks to ensure feet do not 'sweat' on the inside of bare shoes.

As a *sunsmart* school, we need to promote an awareness of taking necessary personal protection against the ultra violet rays of the sun. Students should apply sunblock in the morning, before leaving for school. This will ensure coverage during the morning. Please teach your child to self apply sunscreen so that can re-apply their own sunblock around lunch time. Term 4 is also a time when *hats are compulsory* as part of school uniform. From this week, students who do not have a hat at school will be required to spend their recess and lunch in the shade of the gazebo – this is a responsibility we take very seriously.

To allow students to stay hydrated during the day, teachers will permit students to sip from their *drink bottles*, which can be kept on tables however, the contents of the bottle should be *water only*. Sugar based drinks like cordial or juice are to be kept for recess and lunch breaks.

Remember that students in the junior grades have a '*healthy food*' *snack* time during learning in their morning session. Sometimes this is referred to as 'brain food' – this must be a fruit or vegetable.

Student safety – as a school, we do not endorse the pursuit of activities associated with Halloween. However, it is our responsibility to alert families who are intending to allow their children to 'trick or treat' to take appropriate precautions and provide close supervision of children during this time. ***Do not*** allow your children to door knock at houses of people unknown to your family – this is not safe practise.

Thought of the week -

Education is not the filling of a pail, but the lighting of a fire.
