PRINCIPAL'S NEWS

Thank you to those families who have paid their 2016 school fees. School fees are used to purchase student resources such as books, pens, pencils, paper, art supplies and registrations to ICT programs such as Mathletics.

If you have not yet finalised your child's school fee account, please contact the office to make the appropriate arrangements, as we are in current conversations with our suppliers to make orders for next year so the 2017 fees will be issued to families soon.

Please be reminded that payment plans are available to families providing the opportunity to make small, frequent payments to suit your budget.

Our school has been selected to receive government assistance for our breakfast club. We are very excited to inform the community that the Minister of Education, Mr James Merlino will be attending our Breakfast Club program on Friday 26th August at 8.00am.

The senior students are gearing up for their camp next week and the Foundation/Junior communities are a buzz with excitement as they prepare for their excursion to the Museum next week to see the Jurassic exhibition.

FROM THE OFFICE EXCURSIONS

When you receive a notice for an excursion-fill it out and pay straight away! This ensures your child doesn't miss out on the activity.

We have a deadline on notices as we have to book and pay for activities. We have had a few students miss out on activities because parents have "forgotten" and not paid on time. We know you're busy and that's why we send notes out so early. Pay it straight away then you and your child don't have to think about it again!

Curriculum

Naplan

As you may be aware schools received their Naplan results this week.

Naplan tests are a "one off" form of assessment used by the Department of Education, to track student achievement and progress. They occur each year across Australia. They assess student ability in English and Maths.

Schools use the data from Naplan to identify areas that are achieving success and areas that need to be improved.

Staff at CPS will be involved in discussions relating to student achievements. We will be using the student results and data to identify areas of English and Maths where students performed well, as well as areas that challenged our students.

These discussions and analysis of the data will help to guide modifications to the curriculum, to ensure we are meeting the specific learning needs of our students.

Students in Grades 3 and 5 who sat Naplan this year will receive their individual reports shortly.

Professional Development **Behaviour as a form of communication**

Promoting positive behaviour by understanding communication and responding appropriately.

Do you want to learn more about behaviour?

Do you work with children whose behaviours sometime concern or confuse you?

In this seminar you will learn how to unpack what a child may be communicating through their behaviour and how to provide positive behavioural supports.
