From the Office

When a student arrives at school after the 9am bell they must be signed in at the office. If they are not signed in the office staff do not know they’ve arrived and they are marked as absent.

Reminder that the front door is only to be used by parents conducting business at the office. Students must use the deck door at all times, and parents when not on office business should also use the deck door.

We hope you have a safe and happy holiday!

Curriculum

What can we do on the holidays—that might be fun AND educational?

Term holidays are upon us again! Please take this opportunity to spend time together as a family—and have fun together!

Students will not have formal homework tasks over term holiday breaks. However we do expect ALL students to continue reading at home over the break. Students will not be bringing Take Home Books home from school for the term holiday. Encourage your child to read other forms of reading material during their 2 week break.

Below are some ideas of things you can do over the holiday break:

Read together
Play board games
Jigsaw puzzles
Day trips—beach, parks, drives, shops, farm, visiting friends/family, swimming pool
Visit the local library
Activities around the home - Cooking, gardening, spring cleaning, “handy man DIY” jobs

I hope you all a safe and relaxing holiday. See you in term 4.

Di Fernand
Assistant Principal
Science is all about discoveries and finding answers. Gathering and organising information are core science skills. This semester the students have investigated Biological Science themes. These include Body Systems, Dental Health, Life Cycles, Growing and Healing concepts. Students have learnt about science facts and completed experiments to help reinforce their understanding of the concepts and their applications. Students have also been required to investigate an area of interest and present their findings to the class.
Last banking day for the Term - this Friday, 18th September.
Banking will resume Week 1, Term 4.
