PRINCIPAL'S NEWS

'Lest we Forget'

Congratulations and thank you to Miss Radford and Mrs Hughes for organising the Anzac ceremony at school last Thursday. The students came together to honour the fallen soldiers of the ANZAC and lay the wreaths they had made.

Many people of all ages gathered on Friday in Cranbourne for the official Anzac ceremony.

Our school captains represented the school community at the ANZAC ceremony on Friday – laying a wreath. Well done to Lauren and Ben – we were all very proud of you.

Cheryl Van Deursen - Principal

Education Maintenance Allowance

If you have recently become the holder of a pension or health care card, please see the office to see if you are eligible to apply for the second instalment of EMA.

CURRICULUM

Specialist Classes at CPS

This year there has been a slight change to the specialist classes provided for our students. All students from Foundation (Prep) to Grade 6 participate in classes for:

- Health and Physical Education
- Science
- Performing Arts
- Visual Arts

This approach was implemented so as to provide a wider variety of learning opportunities for all students at CPS. Our goal is to expose our students to as many different subject areas as we can, to spark their interest and curiosity. Hopefully we may be helping to uncover a future scientist, doctor, athlete, actor, dancer – who knows!

This term we have the privilege of having Footsteps Dance Company working with our school. These sessions support the Performing Arts component of our curriculum, and we therefore would like to see ALL students participating. The sessions provide our students the opportunity to participate in an area that they may not otherwise experience. Not only are they a great learning opportunity, but they are also lots of fun!

If you have any questions about our specialist programs, please speak to one of our staff members.

Di Fernand – Assistant Principal

STUDENT NEWS

SCIENCE

Science is growing plants, collecting rocks, mixing chemicals, measuring shadows, looking at stars. It is finding out how the planets move, what happens to food when we eat it, why dinosaurs became extinct. It is discovering, explaining, questioning, gathering data, testing, describing etc.....

The children in the photos are learning the skills of a scientist

CSIRO is the most trusted source for science and technology information and SCOPE is a fast, fun and factual TV science program on Network Ten or online at www.scopetv.com This is a great resource to tune into.

COMMUNITY NEWS

Thank-you to all the families and friends who have shopped at the Good Guys and earned donation credits to support our school.

School Uniform Reminder!

Bomber jackets and windcheaters with yellow bands and the old logo are no longer part of our school uniform and should no longer be worn. New items with our new school logo can be purchased from Beleza. Please note: "Hoodies" are not part of our school uniform.

STUDENT ATTENDANCE:

REMEMBER – Literacy starts at 9.00am. Your child's learning in every subject is impacted by their literacy capabilities. If your child is absent or late, their access to the daily literacy session is impacted. The highlighted figure in the data below shows the number of students each day last week who had their literacy affected last week.

Aim for being ON TIME every day!

Popular series | Favourite authors | Picture books | Chapter books |
Novels for all ages | Nonfiction | Activity items and more!

ONE DAY ONLY!
