

# EDUCATION

## Support to thrive

AT Cranbourne Primary School, we believe children thrive when schools combine high expectations with genuine care.

As a small school, we are proud to offer an environment where every child is known, supported, and challenged to achieve their best.

Our motto, 'Work Hard, Be Kind, Feel Proud', is at the heart of everything we do and reflects the culture we continue to build across our community.

We are incredibly proud that our students consistently report feeling happier, safer, and more engaged at school than most others around the state.

We believe strong wellbeing and strong learning go hand in hand.

When students feel connected, supported, and confident in their classrooms, they are more willing to challenge themselves, persevere through difficulty, and celebrate success.

Alongside this strong wellbeing focus, we are committed to delivering high-quality teaching and learning experiences for every student.

Our staff work collaboratively to provide structured, explicit teaching in literacy and numeracy, while also creating engaging opportunities for creativity, leadership, problem-solving, and student voice.

We are proud of the strong growth our students continue to demonstrate, as well as the calm, purposeful learning environments seen throughout the school each day.

As a smaller school with no composite classes, we are able to build strong relationships with students and families, and ensure every child receives the attention and support they need to thrive.

Whether in the classroom, on the sporting field, through the arts, or in leadership opportunities, we are committed to helping every student grow into a confident, capable, and compassionate young person.
