

Mobile Phone Policy

Rationale:

- Mobile phones are important modern day communication tools, helpful in providing a safe and effective school environment. They can easily be improperly used, lost or damaged and must therefore be effectively managed.

Aims:

- To explain to our school community the Department's and Cranbourne Primary School's policy requirements and expectations relating to students using mobile phones and other personal mobile devices during school hours.
- To utilise the benefits of mobile phones whilst managing the problems they can potentially cause.
- To ensure that mobile phones do not interfere with class programs.

Scope:

This policy applies to:

1. All students at Cranbourne Primary School and,
2. Students' personal mobile phones, and other personal mobile devices brought onto school premises during school hours, including recess and lunchtime.

Definitions

A mobile phone is a telephone with access to a cellular (telecommunication) system, with or without a physical connection to a network.

Implementation:

Cranbourne Primary School understands that students may bring a personal mobile phone to school, particularly if they are travelling independently to and from school.

At CPS:

- Students who choose to bring mobile phones to school must have them switched off upon entering the school grounds and handed to their Home Group teacher, upon entering their learning space. Phones will be securely stored during school hours.
- Exceptions to this policy may be applied if certain conditions are met (see below for further information)
- When emergencies occur, parents or carers should reach their child by calling the school's office.

Personal mobile phone use

In accordance with the Department's [Mobile Phones Policy](#) issued by the Minister for Education, personal mobile phones must not be used at CPS during school hours, including lunchtime and recess, unless an exception has been granted.

Where a student has been granted an exception, the student must use their mobile phone for the purpose for which the exception was granted, and in a safe, ethical and responsible manner.

Secure storage

Mobile phones owned by students at CPS are considered valuable items and are brought to school at the owner's (student's or parent/carer's) risk. Students are encouraged not to bring a mobile phone to school unless there is a compelling reason to do so. Please note that CPS does not have accident insurance for

accidental property damage or theft. Students and their parents/carers are encouraged to obtain appropriate insurance for valuable items.

- Where students bring a mobile phone to school, CPS will provide secure storage. Secure storage is storage that cannot be readily accessed by those without permission to do so. At CPS Students' mobile phones (and all electronic devices) should be named and handed in to the teachers in their learning community, on arrival at school. They are to be kept in the 'lock box' provided to each learning community, which in turn is housed in a secure location during the day. Students are to collect their phones at the end of their school day.

Enforcement

Students who use their personal mobile phones inappropriately at CPS may be issued with consequences consistent with our school's existing student engagement policies, e.g. *Student Wellbeing and Engagement*, *Code of Conduct* and *Bullying* policies.

At CPS inappropriate use of mobile phones is **any use during school hours**, unless an exception has been granted, and particularly use of a mobile phone:

- in any way that disrupts the learning of others
- to send inappropriate, harassing or threatening messages or phone calls
- to engage in inappropriate social media use including cyber bullying
- to capture video or images of people, including students, teachers and members of the school community without their permission
- to capture video or images in the school toilets, changing rooms, swimming pools and gyms
- during exams and assessments

Exceptions

Exceptions to the policy:

- may be applied during school hours if certain conditions are met, specifically,
 - Health and wellbeing-related exceptions; and
 - Exceptions related to managing risk when students are offsite.
- can be granted by the principal, or by the teacher for that class, in accordance with the Department's [Mobile Phones Policy](#).

The three categories of exceptions allowed under the Department's [Mobile Phones Policy](#) are:

1. Learning-related exceptions
