UNIFORMS

We have contacted the uniform shop and have requested more hats to be made available for purchase. We have been able to source 5 small school hats which are at the office available for purchase for \$10. Due to the limited supply of hats from the uniform shop, we are allowing students to wear plain navy blue bucket hats (with no logo)

ROAD SAFETY

It is the responsibility of parents and carers to ensure students are practising safe road behaviour before and after school. Students are to use the supervised crossings to cross the road and exit/entry into vehicles is to be done whilst the vehicle is in a designated parking space – please do not allow your child to get in or out of the car whilst it is on the carriageway of the road.

PLAY SHED

In order to provide our students with activities during recess and lunch time that promote; creativity, persistence, success, responsibility, challenge, and enjoyment the staff are transforming the shed to contain Play-based activities, which students will be able to use.

CURRICULUM

This week the teachers have been undertaking assessments of student capabilities in literacy and numeracy to determine the learning needs of all students. Each student will have learning goals established in reading, writing and numeracy. You will be able to view these goals on February 16th at our '[Meet & Greet](#)' evening. As part of our literacy development program this year, all students will be bringing books home each night to read with parents. This will commence at the end of the assessment period.
