SCHOOL ZONING

It has been brought to our attention that there has been much discussion and concerns about the government's latest release of 'zoning for schools'.

Here are the facts:

1. Parents still have choice of where they want to send their child/ren to school.
2. You do not have to enrol at your local school but your residential address will give you priority placement rights if you live within a designated school zone.
3. Schools have been set 'maximum enrolment figures'.
4. When within close proximity to reaching maximum enrolment figures, a school is expected to limit enrolments to families from within their designated zone.
5. Students currently enrolled in a school, whether they are in that school's designated zone or not, are entitled to remain enrolled at that school.
6. Cranbourne Primary School has a maximum enrolment capacity of 460 students – we currently have 340 students enrolled. We are accepting enrolments from outside our zone.
7. A new school is being constructed in the Livingstone estate, Casey Fields Primary School – families living within that estate are entitled to, but not required to enroll at that school.

Next Tuesday 25th June parents are invited to attend an information session to answer any questions regarding the new school Zoning –
