### PRINCIPAL'S NEWS

Last week at assembly we enjoyed the performances of the school choir and ukulele group and it was lovely to see so many parents in attendance supporting their child's performance.

We had a great week celebrating our community—please see pages 3 and 4 for photos and reports on our community breakfast and our RESP afternoon tea.

I would like to remind families that we have a Facebook page—there is a closed community group, which you can request membership of—this will give you access to current photos and updates on school activities.

This week student reports will be sent home for your viewing. Please read them carefully. In term 3 parents will be invited to participate in conversations with teachers to discuss their child's progress—Student Progress Discussions. This will be a time for you to ask questions about your child's learning development. *Interpreter services will be available for families who need conversations translation.*

The school management, in consultation with School Council, have decided to hold assemblies on a fortnightly basis during term 3 and term 4. Assemblies will be conducted on the even weeks eg week 2,4,6,8. Students will be presented with certificates from the two week period preceding the assemblies

I wish all of our families a safe and enjoyable holidays

Cheryl Van Deursen - Principal

## FROM THE OFFICE

Our Business Manager, Gail is going on Long Service Leave for the rest of the year from this Friday!...then retiring!

WOO HOO!

All staff at CPS wish Gail a wonderful time on her LSL during which time she will be travelling, lunching with friends and enjoying time with her grandchildren!

Gail has been at CPS for 9 years and will be missed by students, staff and parents.

We wish you all the best  
Gail!

## Curriculum

### Term 3 Science Unit of Investigation

In term 3, students will be investigating the following during our Physical Science unit:

Foundation—Grade 2: The way objects move depends on a variety of factors including their size and shape; a push or a pull affects how an object moves or changes shape

Grade 3—4: Forces can be exerted by one object on another through direct contact or from a distance

Grade 5—6: Energy from a variety of sources can be used to generate electricity; electric circuits enable this energy to be transferred to another place and then to be transformed into another form of energy

Di Fernand

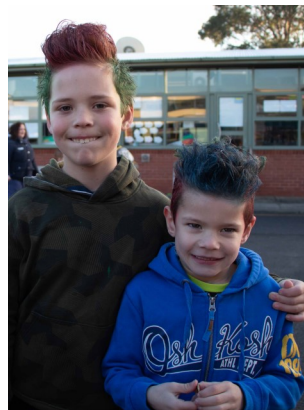

Assistant Principal

## COMMUNITY EVENTS THIS WEEK

### WHOLE SCHOOL BREAKFAST

On Tuesday morning, our staff hosted a community breakfast. The event was well attended by families and the hot breakfast of bacon & eggs warmed everyone on the inside on a cold, chilly morning. The event coincided with our free dress, crazy hair day, which raised money for State Schools Relief—a non-profit charity who support families with the supply of uniforms. **See our Facebook page for more photos.**

## COMMUNITY EVENTS THIS WEEK

**RESP afternoon tea**—Our school has been involved in the development of programs that support the community engagement of families whose first language is not English. Our first official gathering was held yesterday with our Dari families. To prepare for our afternoon tea, the students whose parents were attending, were involved in baking scones (a traditional inclusion in Australian morning and afternoon teas)

‘Yesterday the RESP student team held a meeting and the parents were invited. An hour before the meeting, we made scones. The meeting was held in Pride Place where we had other visitors—Maryam, who is helping our school and Lina, the interpreter. Mrs Van Deursen explained what RESP was about and the interpreter translated it for our parents and there was food and drinks.’ - Jamil

‘It was fun but it was really messy and I got it all over myself. It was fun and really enjoyable’ - Mudabir

‘We made the scones with flour, cream and lemonade. We got to try one. I was excited for my Mum to come.’ - Behroz

‘My Mum felt good and happy that she came and she thought it was worth it. She now knows about learning at school’ - Fariba

‘It was good to have a translator so my Mum could find out what was happening at school.’ - Omid

‘Mrs Van Deursen was very kind and she wanted to let our parents know what happens at school.’ - Shuja

‘It was a pleasant experience and I loved how Mrs. Van Deursen and the other teachers interacted with the parents.’ - Sema

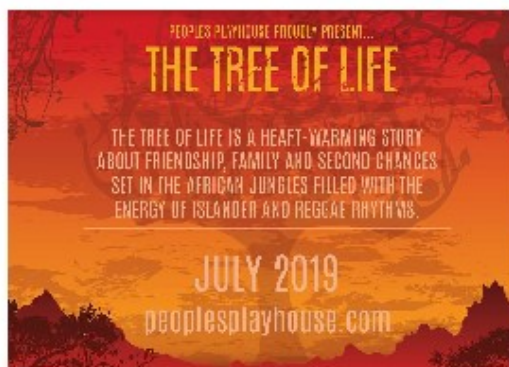

It was wonderful the afternoon tea and my Mum felt very happy because my Mum now knows about school and she said the food was delicious and thank you to Mrs. Van Deursen.’ - Farida

‘My Mum and sister came and they had a good time. Afternoon tea was yummy. I handed out photos of the teachers to all the parents.’ - Nasrin

*‘Thank you to Mrs Whittle for her preparation of the day and organising the interpreter.*

*Thank you to Ms Martin for helping the students make the scones.*

*Thank you to our students for who welcomed parents and were thoughtful, attentive and considerate hosts at the afternoon tea.’ - Mrs Van Deursen*

### JUST IN JULY...

During the school holidays The Tree of Life will be making its Amateur Theatre debut! The show will be presented by the Peoples Playhouse Theatre Company with two of our talented students, Bailey and Maali Albert, in the cast! It would be great if the Cranbourne Primary School community could support them and go and see the show!

# From the Art Room

Semester one has been busy for all involved in Community Art Clubs. I'd like to thank all the students from Middles and Seniors who give up a lunch time each week to contribute to beautifying our school grounds. Our most recent work can be admired outside of Pride Place with a colourful array of painted PRIDE flowers.

A special thanks must be given to Nichelle Davies who graciously donated hours of her time to assist our students with the design and painting of the baths that are now on display as garden beds around the school.

Next semester will find us busy again planning, designing and painting new areas of the school.
