*Costume Parade at 9am in
the Gym*

PRINCIPAL'S NEWS

I had a wonderful time sharing camp with our grade 5 and 6 students on Monday and Tuesday. I got some great photos and have uploaded many of them onto our closed Facebook page for your viewing—if you are not in the group, simply search for Cranbourne Primary School—our page has a photo of the PRIDE wall at the front of our school. Our page manager will accept all requests from parents of current students. We will put photos onto our web page for your viewing.

The Flying Fox and Big Swing were a huge success and helped some students overcome their fears.

FROM THE OFFICE

The flu season is well and truly upon us.

A few of our students are unfortunately sick with the flu and we wish them a speedy recovery.

We are asking parents to please be alert and if you child is ill and presents with any flu like symptoms we recommend you take them to see your doctor.

We have included some information regarding the Flu virus in this newsletter for your information.

Curriculum

Reading at home with your child!

Reading at home is the formal component of our Homework Policy. Each child is expected to read at home every night. We ask parents to sign the Student Diary, to confirm that your child has completed their homework task each night.

There are many students who do not appear to be practising their reading at home regularly, as diaries are not being used to record reading homework. It is important that this practice takes place, to support their reading growth and ability.

Here are a few tips that might help with reading at home!

1. Let your child see you reading.
2. Have a variety of books and magazines at home that you can read together
3. Set aside a special time and place for your child to read with/to you

What is Influenza (or the "the Flu")?

Influenza (or "the flu") is caused by infection with influenza viruses A , B and rarely C. It mainly affects the throat and lungs, but can also cause problems with the heart and rest of the body, especially in people with other health problems.

What are the symptoms?

Symptoms usually occur one to three days after infection, and may include sudden onset of:

- fever
- headache
- muscle and joint pain
- sore throat
- cough
- runny or stuffy nose
- severe tiredness.

Most people recover within a week. Compared with many other infections (like the common cold), influenza tends to cause more severe symptoms and complications.

How is it spread?

The virus is mainly spread from person to person through droplets after an infected person coughs or sneezes, or through touching (e.g., when a person shakes hands with another). It is easier to catch influenza in confined or crowded spaces.

A person with influenza is contagious from the day before, until a few days after symptoms begin.

Don't spread it around!

If you get symptoms of influenza:

- stay at home until you are better
- cover your coughs and sneezes with a tissue and dispose of it in the garbage after use
- wash your hands with soap and running water for 10 seconds after coughing, sneezing or blowing your nose, and before touching other people or objects.

Positive Learning Environment

A group for Afghan women to develop and enhance your parenting skills, focusing on building the relationship between you and your child.

Do you

- have a child aged three to six years?
- have difficulty managing your child's behaviour?
- want to strengthen your parenting skills?
- want to learn ways to better connect with your child?
- feel concerned about the level of conflict in your home?

This course teaches parents:

- emotional intelligence and why it's important
- the five steps of emotion coaching
- different parenting styles
- anger and conflict management
- problem solving
- emotional self-care.

Please note, parents are able to attend this group with babies and pre-school children.

Ideal for

Afghan women with children aged three to six.

When

10am - 12pm on Tuesdays in 2019. Six sessions.

- October 8, 15, 29; November 12, 19, 26.
- No sessions on 22 October and 5 November.

Where

Carlisle Park Family and Children's Centre
2/20 Majestic Boulevard, Cranbourne North

Cost

Free of charge.

Where: Phillip Island
Adventure Resort
Cost: \$75 per child

**Parents
Welcome!**

LIDS 4 KIDS

Lids 4 Kids has teamed up with the e—Nable community to provide bespoke aids for children. Using 3D printers and recyclable bottle lids, 3D printed hands and arms will be made for those children in need of an upper limb assistive device.

We are seeking support from our school community to contribute to this great foundation. If you have any plastic lids from your milk, water, juice or soft drink bottles please donate by placing them in our box which will be placed in the hallway (facing our decking area).

Please ensure you take the time to wash your lids before donating.
